CHANCES  
TOGETHER**

WACKER DIGITAL

**YOUR NEXT STEP TOWARDS  
A DIGITAL FUTURE?**

Move to California for Four Weeks:  
With the WACKER Digital Silicon Valley  
Challenge

# THE SILICON VALLEY CHALLENGE: OUR FUTURE STARTS WITH YOU

Digitalization is changing our everyday lives and working environment. It's not just about new technologies, but also about new working methods, ways of thinking and, above all, new business models.

Silicon Valley is a global melting pot for the tech and IT industries, but is also home to creative business founders and a culture of innovation. It's this inspiring environment made up of established companies, young founders and highly skilled specialists from all over the world that we want to benefit from – for WACKER and our employees. That's why we started the Silicon Valley Challenge – **and you can be a part of it!**

# 18 WACKER EMPLOYEES, FOUR WEEKS, A LOT OF IDEAS!

Be one out of 18 WACKER employees from all over the world to spend four weeks in Silicon Valley. In workshops and seminars, you will get to know agile methods such as design thinking, receive coaching and immerse yourself in the local start-up scene. Mostly, however, you will deal with business models and their implementation. Our goal: With your help we want to develop new business ideas for WACKER.

During your stay, you will work in teams of six and live together in flat-sharing communities – the ideal conditions for exchange, networking and intensive work on innovations.

Back home, you will present your findings and, crucially, your business idea to the WACKER managing board and CDOs, thus contributing to the successful development of the WACKER Group.

## INNOVATIVE APPROACHES AND SOLUTIONS

Finding different, new and better ways of doing things: this is what lies behind WACKER's many years of success. Over more than 100 years of history, WACKER has continued to develop and actively promote new technologies and ideas. We want to continue to nurture this spirit in the future. As a unique business and science interface, the Silicon Valley is an inspiring place for WACKER and our employees.

The Silicon Valley Challenge is a great opportunity to extend our WACKER network, develop new ideas for our business and continue shaping the challenges of the future: **Creating Tomorrow's Solutions.**
